Free access to scripts service

From **18 August 2022** until **16 December 2022**, you will be able to view and download scripts which have been marked online free of charge using the Access to Scripts service.

The Access to Scripts portal can only be accessed by Edexcel Online users who have the *Exam Viewer* profile ticked on Edexcel Online. Exams officers give teachers access to *Exam Viewer*.

Scripts do not have examiner annotation on them. The marked script allows teachers to evaluate how the student performed on particular questions in relation to what they have been taught; the Principal Examiner's report and the exemplars that we make available demonstrate how the mark scheme is applied.

If scripts have been marked 'traditionally' (i.e., not online), you will need to request them, free of charge, by **16 December 2022**, via the *Post Results* section of Edexcel Online, as in previous exam series.

Candidate consent

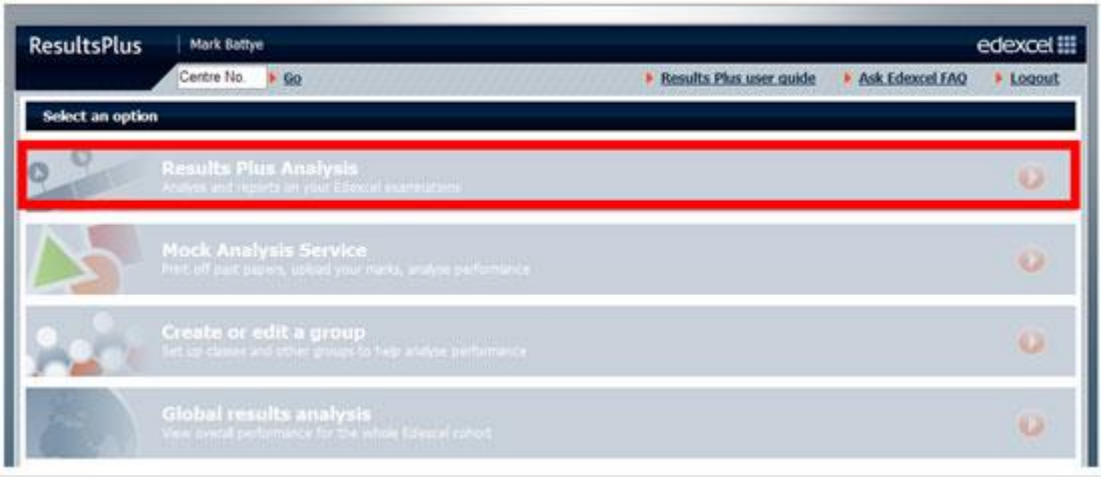
Candidate consent is required before requesting script copies, as per section 4.2 of the JCQ's Post-results services guide. Candidate consent can only be obtained after results have been published.

ResultsPlus

ResultsPlus is our online results analysis tool for teachers. Included as part of your qualification fees, this tool gives you a detailed breakdown of your students' performance.

1. Go to ResultsPlus and sign in using your Edexcel Online username and password. If you've forgotten your password, you can generate a reminder from Edexcel Online.

2. Once you are logged in under your centre, select 'ResultsPlus Analysis' and explore the analysis options for student, group or cohort results.



Understanding grade boundaries

Raw marks for A level language papers are scaled in order to achieve the subject mark. This is done at qualification rather than at paper level.

Please see the Converting marks, points and grades page on our website for more information.

If considering a review of marking, it's important to note that any change in raw mark that results in a change or 'notional grade' at a paper level may not equate to a change of grade at qualification level.

Understanding more about the quality and accuracy of marking

Please have a look at this webpage if you'd like to find out more about how we ensure that our marking is fair and accurate.

Reviews of marking (RoMM)

If you're not happy with your students' results this summer, you should take the following steps:

- View the grade boundaries, question papers, mark schemes and examiners' reports of the paper/qualification concerned.
- View your students' scripts using the free access to scripts service.

- Log in to **ResultsPlus** to see how your students have performed on every question and compare their performance to the national average.
- If you're still unhappy with your students' results, you may apply for a review of marking via our post-results services. You can find out more about post-results services here.

How to apply for post-results services

Please speak to your exams officer if you wish to proceed with a review of marking. Exams officers can find guidance in this article, watch this video or contact their Centre Account Specialist on 0344 463 2535 for more support. All applications for reviews of marking must be submitted through Edexcel Online.

Why are reviews of marking results sometimes received very quickly?

Senior examiners who carry out reviews of marking are re-trained prior to commencing reviews. As soon as you submit a request for a review of marking on Edexcel Online, the script is sent to the allocated senior examiner electronically. If they are sitting at their desk, they could receive the script and start reviewing it within minutes of your request. For full details of the process, please see this diagram.

Appeals

If you are dissatisfied with the outcome of a review of marking, you may wish to appeal against the decision. We will allow the head of centre (or designated member of the centre's senior management team or examinations manager) 30 calendar days from the receipt of the outcome of the review of marking, during which an appeal may be lodged by sending an email to the following address: edexcelappeals@pearson.com.

There is further guidance on appeals here.

Applications for appeals may only be accepted from a head of centre (on behalf of a candidate or a group of candidates) or private candidates. See the JCQ (Joint Council for Qualifications) appeals booklet, 46 & 47.

Certificates

These will be sent by 7 November 2022 (TBC).

Exam feedback and exemplars

From October 2022, there will be opportunities for post-exam feedback and reflection. We will also provide new exemplars from summer 2022.
